

RESEARCH AND  
ENGINEERING

THE UNDER SECRETARY OF DEFENSE

WASHINGTON, D.C. 20301

26 JAN 1983

Honorable John N. McMahon  
Deputy Director of Central  
Intelligence  
Washington, D.C. 20505

Dear John:

Thank you for agreeing to speak to the Defense Science Board at its dinner meeting on 9 February 1983. The meeting will be held at the Fort Myer Officers' Club, Fort Myer, Virginia, with a social hour at 7:00 p.m., dinner at 8:00 p.m. and your remarks at approximately 9:00 p.m.

As you may know, the Board consists of approximately 35 high level people from industry and academia who deal with major technical Defense issues for the Secretary of Defense. If you have no objection, Board members would like to ask questions and enjoy a free interchange. Such an exchange would be informal and off the record. In addition to members of the Board, some key members of the Defense Department have been invited to attend.

For your information, I am enclosing a booklet showing the background, biographical sketches and activities of the Board. [redacted] Executive officer of the Board, or his staff will be happy to provide any other information you wish. The phone number for the Board office is 695-4157.

STAT

Sincerely,
